

We ask all dancers to sanitize when they arrive. **Masks are mandatory for dancers 6+ in the studio hallways, washroom, lobby and while dancing.** Dancers will be socially distanced throughout the entire class, should a dancer need assistance a teacher will mask and sanitize before approaching. All high touch surfaces/equipment will be cleaned between classes with a DIN certified disinfectant. The studio will be cleaned and sanitized nightly with DIN certified cleaners. We are strictly adhering to all Public Health Protocols. Your dancer and our dance families health and safety are our number one priority.

The studio will be open 5 minutes before the first class of the day. Dancers will only be allowed into the studio when their class starts. We have staggered class times so that no classes are entering or exiting at the same time.

Some changes to the studio include, no siblings will be able to enter the studio. Only parents of dancers age 5 and under are able to come into the studio, only one parent is allowed and must follow social distancing guidelines. Parents of dancers age 6 and up are asked to remain outside the building.

While we are under the red category for covid 19, we can not allow parents in the studio. We must limit our dancers and parents to 10 in the facility.

Check In/Attendance will be done through our Parent Portal. All parents or students must check in before arrival at the studio. There is a Covid screening that must be done each day a student comes to class. If a child or any family member are showing signs of illness, you must not come into the studio. An email can be sent to the studio and we can zoom the students class so that they won't be missing out on the dance class.

Dancers must come dressed for class, the changerooms will not be open. A washroom will only be available for emergencies.

Our studios are marked out for dancers to stay 3 metres apart when dancing. Class sizes will be limited to the number of dancers we have safely in our studios.
